ELECTRIC
WIRING
INSPECTION

In many cities the size of Norwich
all electric wiring is inspected by a
representative of the National Board
of Fire Underwriters. At the present
time we are not fortunate enough to
receive this service except in a part of
the business section, but when such an
inspection becomes compulsory the
work done by

The Norwich Electric Co.

will pass this inspection and be de-
clared safe and first-class by the in-
spector.
Do not let a few dollars stand be-
tween a cheap and dangerous installation
by incompetent and irresponsible
workmen and a safe, reliable, and in-
stalled job done by competent men em-
ployed by a responsible contractor.
Permit us to explain the difference.

BIG DAMAGE BY FOREST FIRES

\$20,000 is Estimated Damage in Flanders District—Norwich

Firemen Called Twice to Mohegan Park—Several Miles
of Woods Covered by Fire in Neighborhood of Navy
Yard and Breakwater Co. Quarry.

On Sunday a day of forest fires
for New London county and automob-
ilists who returned from trips out-
side of this city brought back news of ex-
tensive fires in several sections, the
most serious being the Flanders district
where the damage done was estimated
by the fire warden at \$20,000.

In this city the fire department was
twice called to fight fires in and
adjoining Mohegan park, which Chief
Stanton said he thought was the hard-
est one to handle which they have had
at the park. The work of the firemen
kept it from spreading out of bounds
but the prospects are that it will keep
on smoldering for the night.

The tree stumps and logs until the first
good rain comes to put it out.

About 30 acres in all were covered
by the fire, according to Park Super-
intendent John Duff's estimate, but
the largest part of this was outside of
the park and on land owned by the
government belonging to Dr. John A.
Rockwell and Dr. Frank C. Atchison.

At one time the blaze was in danger-
ous proximity to the old Bacon home-
stead now occupied by Dr. Atchison,
but it was quickly put out there by
the hard work of the firemen.

The part of the park land burned
over was the tract presented by the
late General Edward W. Bacon to the
city.

The autochemical from the Central
station and the Chemical company from
the Falls station responded to the
calls, the first time at 8.15 in the
evening and again at 8.45 when John
Looby telephoned that their help was
needed to put down the flames which
were blazing up actively again.

Back-fires and brooms were the
methods used when they made their
first response which kept them busy
about two hours. The second time
they had a fight of an hour before they
left.

\$20,000 Damage in Flanders.

In the Flanders district a forest fire
started from an unknown cause Sun-
day morning about 3.30 o'clock near
the Gardner place between the
Flanders Four Corners and the Gold-

mine road. The fire spread very fast
and was out of control before the
firemen could reach it.

There was a brush fire Sunday af-
ternoon about 2 o'clock on the "pin-
es" just below the Norwich state
hospital. A force of men from the
state hospital went out with brooms
and beat it out before it had spread
very far.

Fire in the Pines.
